

Apron Bonnet

This unique apron can be put to many uses, first of all it's an apron. It has two large pockets which could hold your sewing or knitting while you work; could serve as a clothes-pin holder also. Best of all, it buttons into the cutest bonnet to shade your face while working in the garden.

To make it, increase blocks to 1 inch and reproduce the outline of the apron, Diagram 1. Make a second piece using the bottom part of the apron as in Diagram 2. Line this second piece with crinoline to give it the necessary stiffness for a brim. Trim with wide rick-rack and a ruffle. The ties of the apron will also serve as bonnet ties. Stitch down center of pocket to divide it into 2.
