

Assorted Aprons {Free Vintage Patterns}

I love vintage patterns of all kinds (sewing, crochet, embroidery, etc.), and I love sharing them with my readers too!

I've put together a booklet of vintage apron patterns from my personal collection and offer them to you in this free pdf.

This is the third in a series of 3 booklets that I've compiled and it features a few assorted aprons for children, men and a selection of crochet patterns as well. It's the smallest in the collection so far, but you never know when I'll be adding more ;).

You'll find the other two booklets on this page: [Tipnut's Apron Pattern Collection](#) (click link to visit). You'll find one for full-aprons and one for half-aprons, both packed with plenty of goodies.

Many of the pattern templates below can be clicked so you can grab the larger file on my site. I've double checked everything but if you come across a problem, please send me a note and I'll try to fix it up asap.

Now on to the patterns...have fun!

PS: You're welcome to pass this booklet around and share it with your friends, I just ask that you keep all content in this booklet intact and do not add or remove any information or edit credit to Tipnut.com in any way. Thanks ☺

Version: Assorted Aprons 1.0 (July, 2012)

*I may make additions or corrections to this file over time, you'll know you have the most up-to-date copy by comparing the version numbers. All updates will be [added to this page](#).
